1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 4(e) Other:

On 03 August 2005 Office had issued a Notice Of Non-Compliance Amendment for the response received 02 May 2005. Applicant had filed correction of amended claims on 31 August 2005.

In the communication received 08 December 2005 to the office action mailed 09 November 2005, Applicant had elected claims 1-8, 10-13, 15 and 17 without traverse. Upon examination of pending elected claims, examiner noticed that the amendment filed 31 August is non-compliant because some of the changes to the currently-amended claims is not properly identified.

For example, in claim 1, limitation 3, line 4, applicant has added new limitation "or transmission" which is not properly identified with underlining the added new limitation to the claim.

To comply with 37 CFR 1.121, in response to this office action, applicant is requested to review the amended claims and clearly identify with all changes (underlining the added limitation, strike-through for the deleted limitation) made to the pending claims with their proper status identifier. In addition applicant is requested to identify non-elected claims with their proper status.
